

DAV PUBLIC SCHOOL
BRS NAGAR, LUDHIANA

Request to send your wards for Offline classes

Dear Parents

Greetings from DAV, BRS Nagar!

In response to the instructions from the State Government, we reopened the school for classes X to XII w.e.f. 26th July, 2021, and for other classes w.e.f. 09th August, 2021 with the consent of parents. We were very happy to receive consent from approximately 40% of the parents and accordingly made arrangements to follow proper guidelines regarding Covid Responsible Behaviour in the school. The time table of the students is also adjusted in such a manner that they can comfortably attend the classes and reach back home in time. Following the guidelines of the State Government, only fully vaccinated teaching and non-teaching staff is being called to the school.

In spite of the best efforts of the school to ensure proper education of its students through offline classes, we are not getting good response from the parents. The attendance in the school remains very thin and such a low number of students in the offline classes discourages the teachers who make all possible efforts for giving the best teaching-learning experiences for their students.

The importance and benefits of face to face interaction between teachers and students outweighs the learning through online teaching. Through this circular, I once again request you to send your wards for offline classes in the school as per the schedule already shared with you.

You are also requested to pay the first and/or second quarter fee of your wards by 31st August, 2021 positively, if not paid till now. We seek your kind support in this regard.

Hoping for a favourable response from your end.

Yours sincerely

(J.K. Sidhu)
Principal
