

## *One Day Capacity Building Programme for ICT teachers*

### *(Primary and Secondary Level)*

Right type of education can make the human beings good citizens in real sense of the word and as a result a better order of society can be built. So it is imperative that all schools across the country provide opportunities to teachers to update their knowledge.

Responding to this need, a One Day Capacity Building Programme, under the aegis of DAV Centre for Academic Excellence, DAVCMC, New Delhi, was organised in the school for ICT teachers of primary and secondary classes today. Around 18 teachers of various DAV schools of Ludhiana zone attended the workshop.

Mr. Rahul Mehta from Police DAV Public School, Ludhiana and Ms. Rekha Sharma from DAV Public School, Pakhowal Road, Ludhiana were the resource persons.

The motive of this programme was to ensure that all the ICT teachers become familiar with new curriculum and pedagogy. The resource persons stressed the need for making the best use of latest practices in the classrooms so that we can reap a rich harvest of technologically excellent breed. It was an interactive workshop where the questions of the teachers were answered satisfactorily.

The Principal of the school, Mrs. J.K. Sidhu thanked the resource persons for enlightening the participants. She further said that the inputs and valuable tips given by the resource persons would be taken to the classrooms for the benefit of the students.
