

DAV PUBLIC SCHOOL

BRS NAGAR, LUDHIANA

Dear Parents

Namaskar

I hope you and your family members are staying home, exercising all precautions regarding Coronavirus and keeping yourself and your community safe. Today on the auspicious day, I wish you a very Happy Ram Navami and pray that Lord Rama blesses the human race with a happy life free from disease and destruction.

1. Staying at home can wrack most people's nerves. Our dear children are the most affected due to this unprecedented situation as they have never faced any such situation in their lives before. They must miss their friends, their teachers and the daily routine of the school. So in this moment, your children need lots of love and nurturing from you.
2. Be patient with them and answer their queries patiently – they are children after all. Help them make sense of the whole situation. It is not the time to blame anyone as the true reason for this pandemic is yet not understood entirely. It just seems to be a part of a bigger plan of mother nature that has engulfed the whole human race in it. Only by staying indoors in the safe confines of our homes can we come out of this dreadful situation unharmed. So, exercise patience with each other as well as with our dear students.
3. This is a great opportunity to converse with your children. Get to know them better, tell them stories from your childhood, tell them about the world that they have never seen, explore books and the internet with them. Engage in conversation about your work life! Research shows that conversation at home can dramatically improve student learning levels as it enriches their vocabulary and life experience, makes them more empathetic and improves their mental health. So let's make the most out of this opportunity to build our relationship with our children.
4. This year we have granted provisional admission to all our students of class X in the streams of their choice in class XI, irrespective of their result in Pre Board examination. But it is only a one-time measure taken due to the present lockdown situation and will not and should not be taken as a precedent.
5. Regular admission to different streams of class XI will be considered as per merit of class X as and when the result is declared by the CBSE.
6. We are going to start Online teaching classes for students of XI w.e.f. 03/04/2020 using the Zoom Cloud Meetings App and class-wise WhatsApp groups. Parents are requested to ensure that their wards attend the lectures with diligence and take proper notes. Students are also expected to take their classes seriously and support their peers and teachers in making the best out of them.
7. The lockdown is chipping away at the precious teaching-learning time of our students. We do not want our students to suffer because of this, so, parents are once again requested to support DAV's sincerest effort of providing online lectures by ensuring that their wards attend the classes regularly.
8. Please visit school website at www.davbrsnagar.org for the online study material which is being regularly updated.

While the Principal and all the teachers are working from home, we request you to share your thoughts, inputs, feedback, suggestions and/or any queries at the school mail id- davbrsnagar@gmail.com

Please Stay home, stay safe and pray that this quarantine period passes peacefully for one and all.

With a strong faith to welcome all our dear students back to school, pretty soon!

Educationally yours.

Jaswinder Kaur Sidhu
Principal
