

DAV PUBLIC SCHOOL
BRS NAGAR, LUDHIANA

Dear Parents
Happy Vijaydashmi!

In order to keep the students of the senior classes gainfully engaged during the off days, the school has planned revision work for them. All the students must solve their Mid Term Examination question papers of the subjects mentioned against their respective classes. The parents must ensure that students complete the work within 3 hours in the formal setup of the examination. The students should not move about or use any device while writing the paper. The parents are requested to mention the starting and finishing time on the sheet and put their signatures.

The students must submit the answer sheet to the concerned subject teachers on 16th October, 2024. Please find the subject wise details of the work to be done by the students.
