

DAV PUBLIC SCHOOL
BRS NAGAR, LUDHIANA

Dear Parents
Namaskar!

I wish to share with you that the **CBSE** has made it **mandatory for the teachers to attend 50 hours of training** in one Academic Session. **DAV Centre for Academic Excellence (DAVCAE), New Delhi** organizes **Capacity Building Programmes** for the teachers teaching various subjects at different levels to train the teachers regarding the **latest pedagogies** and to prepare them for delivering **Competency Based Education**. The weightage of Competency Based Questions is increasing every year in order to make a **shift from rote learning to skill development** amongst the students. The teachers of our school have already attended 3 days' training in the month of May, 2024 and now the school is organizing 2 days' training on 9th and 10th September, 2024.

The school will be conducting Capacity Building Programme for more than 180 teachers from different DAV Institutions of Ludhiana Zone and many of our teachers will be going to other DAV Schools in the city. As such the teachers will not be available to take the classes as they will be busy in attending Capacity Building Programmes.

The students from classes III to XII have been given two days **preparatory holidays on 9th and 10th September, 2024** for preparation for the upcoming Mid Term exams. **The Foundational Wing classes will also remain off on 9th and 10th September, 2024**

Your co-operation is solicited in this regard.

Educationally yours.

(J.K. Sidhu)
Principal
