Flood Relief Donation Drive – “Punjab Hands, Healing Hearts”

Dear Parents and Students,

With immense pride, we share that the **Sarvasva Tyagi Mahatma Hansraj Club** of our school is now carrying forward its legacy of service and compassion towards extending its support to flood relief efforts in Punjab, under the DAV Flood Relief Mission.

The devastating floods in Punjab have left thousands of families displaced, with many struggling to access basic necessities. In response to this humanitarian crisis, our school is organizing a Flood Donation Drive under the initiative titled:

“Punjab Hands, Healing Hearts”

As a responsible school community, we aim to stand in solidarity with the flood-affected families and provide immediate support through essential relief items. We urge our students and their families to contribute generously for this noble cause.
